

ZONING INTERPRETATION RECORD

Subject of Interpretation: Hand-Wash Specialty Car Washes

Zoning Ordinance Section Number: 5.1203, 5.1303, 5.1503, 5.1603

Title of Section: C-S, C-1, C-3, C-4

Cause for Interpretation: Several proposals for hand-wash styled
commercial car wash operations.

Interpretation: Commercial car washes which use hand washing, polishing
and buffing are considered analagous to "self-service" or "coin-operated"
car washes for the following reasons:

a. The car washing process is essentially the same
except that the person doing the work is not the
car's owner; and

b. No major permanent machines with their noise and
visual blight are included.
